## Annual Report 2016-2017

### Theatre in Education Program

#### Introduction:

The main and sole purpose of education is to help students learn and make that learning permanent. It can be done only when the students themselves participate actively with full of their interest in the teaching-learning process. The purpose of overall personality development necessitates the inclusion of functional activities. **Theatre in Education** is an innovative approach to such kind of interactive learning. It is based on child psychology so it makes students active, enthusiastic and creative. It is an effort to help students reach new heights, see new horizon through making them more receptive to learning and much aware of their endless capabilities.

Thus BNKVS Group of Theatre Society started TiE Program by the support of **Raj WestPower Limited** in **4 identified schools** of its **operational area as a Pilot Project-**

1. GSSS Bhadresh
2. GUPS Bhadresh Gandhav
3. GPS Bhadresh
4. GUPS Gudisar

#### Program Objectives:

The overall objective of the TiE program is to improve the quality of education amongst target schools/children. The specific objectives of the program are:

- To remove monotony of classroom teaching
- To Improve teacher-student interaction
- To make learning interactive and joyful
- To increase the power of expression of students
- To impart theatrical training to teachers as part of their teaching aids
- To sensitize teachers towards the concept of joyful learning

### **Methodology:**

3 trained Resource Persons (RPs) of BNKVS went to the identified schools and organized a 4-day TiE workshop. One or two classes from 6<sup>th</sup> to 8<sup>th</sup> or 3<sup>rd</sup> to 5<sup>th</sup> were selected after discussing with teachers of the school for TiE workshop.

The team of RPs interacted with students and selected a chapter of English, Science or Mathematics from their curriculum. The lesson was explained through drama techniques. Students learned the teaching points in Play-way method.

Theatrical Lesson Plans, prepared by students were presented in front of all the students, teachers of the school, villagers and officers of Raj westPower Company on the last day of the workshop in the form of an interesting small skit.

The steps of our methodology were as follows-

- Select the lesson
- Select Teaching Points for **Theatrical Lesson Plan**
- Create proper Base Story to inculcate Teaching Points
- Include child songs, folk songs, folk dances and folk drama elements (Idioms, puzzles, games, story-telling) in the Base Story.
- Make Teaching Points clear through Base Story.
- Divide the whole story into different scenes
- Give important directions for presentation of **TLP**
- Ensure the participation of all students of the class
- Presentation of Theatrical Lesson
- Connect the **TLP** with traditional class room teaching

### **For Encouragement:**

Although taking part in a drama and performance on the stage is in itself a great encouragement and motivation for a child, but token gifts to all participants were also given to encourage them.

## Work Details

S.No.	Date (from-to)	School	Class	Subject	Chapter	Name of skit	No. of students participated		Officers visited from Raj WestPower	Other
1	19 <sup>th</sup> Jan to 21 <sup>st</sup> Jan 2017	GUPS Bhadresh Gandhav	VII	Science	Environment Pollution and its effect	Prithvi ki Panchayat	VI	14	Hemant Kumar. Anita Chhangani	Tan Singh

**Feedback:**

We appointed an authentic organization ‘GRASSROOTS ART SOCIETY, JODHPUR’ for impact assessment of Theatre in Education Program. GRASSROOTS ART SOCIETY have been working to channelize youth through theatre for last five years. The president of the society Pramod Vaishnav is a well known theatre expert personality of Rajasthan. His team visited all the four schools, interacted with teachers, students and villagers. The team gave a report of feedback which is very positive and encouraging for us.

- ❖ **Students** : Children like dance, music, drama and playing games by their natural instinct. Hence, students shown a great enthusiasm and warm

welcome towards Theatre in Education (TiE) project. The students were astonished when the bookish topics of Science, Mathematics and English took shape of interesting skit in front of them.

- ❖ **Teachers** : The concept of the program and the dramatic presentation of the chapter by children is highly appreciated by all teachers of the schools.
- ❖ **Community people** : Our many shows were visited by Up-Sarpanch Tan Singh Ji, Karni Dan Ji and many more people of the near by villages. They appreciated children's work and shown their gratitude towards team of BNKVS and Raj WestPower Limited as well.

### **Media Coverage:**

The news with photographs of the Theatre in Education Project were published in various news papers like Rajasthan Patrika, Dainik Bhaskar, Dainik Navjyoti, Rajasthan Khoj Khabar etc.

---

So, it is all over about the final report of the Pilot Project of Theatre in Education Program. We are very thankful to Raj WestPower Limited Company who gave us a chance to serve the society. If we get more opportunity for this noble cause, we assure the authorities that we will satisfy them by our work superiors and well behaviors.
